# JOIN THE HARD HAT REVOLUTION

Safety

## HHV9R

- Single hand twist adjustment whilst wearing the helmet
- Ideal for high wind areas when a secure fit is needed
- Swivel feature for positioning of harness at back of head
- Small and unobtrusive design won't get in the way
- Retro-reflective adjustment dial
- 9 Points of ventilation for increased air-flow
- Webbed harness cradling system to ensure correct hat position and promote ventilation
- Angled peak deflects rain from wearer in extreme weather

## THE V9 HARD HAT

### A Revolution in Head Protection Design

After years in development, the ProChoice Safety Gear V9™ Hard Hat challenges traditional head protection with a low profile, ergonomic design. Certified to AS/NZS1801, the V9™ does not sacrifice safety standards, or performance for looks. The nine strategically placed air vents and harness cradle encourages air flow, reducing your over heating chances!
